Oak, perfected

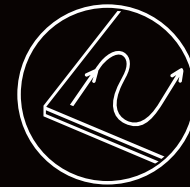

In the evolving world of interior design, achieving harmony and authenticity has taken us a step forward with the latest advancements in decor technology. With exceptional realism and natural flow, Primavera Oak embodies true-to-nature beauty and sophistication and stands above the rest.

Representing nature's uniqueness, Primavera Oak introduces an exclusive aesthetic. It provides a continuous oak pattern throughout the whole length and width of the board. The linear woodgrain offers a no-repeat design, conveying the organic irregularities found in genuine wood.

Primavera Oak's design is integrated seamlessly with the synchronized embossed texture, creating an unparalleled tactile and visual appeal. This sensory experience elevates spaces, setting a new standard for interior wood decors.

With no pattern repetition across the entire surface and the perfectly aligned synchro texture, the veneer-like feel makes Primavera Oak ideal for large or statement furniture. Whether adorning wall paneling or wardrobes, each area of the board design appears unique, ensuring a one-of-a-kind, highly realistic presence.

The delicate woodgrain, with the exceptionally soft valleys and captivating cathedrals, adds character and welcomes nature to any interior. Four distinctive shades, ranging from grey-beige to deep brown nuances, provide professionals and homeowners with the flexibility to create a warm, elegant, and sophisticated atmosphere.
